Fort Irwin & MCLB—Barstow Park University Campus Centers

BACHELORS OF SCIENCE IN MANAGEMENT/LOGISTICS

The Bachelor of Science Management/Logistics is a program designed to meet the educational and professional needs of students who wish to pursue careers in operations and/or industrial management with emphasis on logistical processes, systems, and functions. The program focuses on the study of theories, concepts, practices, and techniques in both general management and the management of logistics systems. In addition, the program is designed to provide the student with the necessary preparation for graduate work in business administration and to assist with further advanced study and experience in preparing for the professional certification sponsored by the American Production and Inventory Control Society and the National Association of Purchasing Management.

Some of the Major's Core Curriculum includes:

- LG 201 Systems Engineering
- LG 302 Logistics Engineering
- LG 312 Transportation and Distribution Systems
- LG 324 Contract Management and Law
- LG 415 Quality Control
- LG 424 Purchasing and Vendor Management
- LG 426 Logistics Management
